## NIKA KLINEC <br> 

You can check the accuracy of your print by positioning a credit card on the line below. If the card lines up, you're all set. Print this page on thick paper and make sure that page scaling is set to none.

## Ring Size Finder

## MEASURING METHOD A

- Place the ring that fits you over the circles below
- Make sure that the inside of the ring lines up with the outside of the circle
- If you are between sizes, order the larger size
- For better accuracy, use a caliper and measure the inside diameter

## MEASURING METHOD B

- Use a non-stretchy string or strip of paper
- Wrap it around the base of your finger for a snug fit(not too tight)
- Mark the point on the string or paper where it overlaps to form a complete circle
- Place the length of the string or paper on the lines on the paper below to determine your ring size or measure the length of the strip.
- If you are between sizes, order the larger size

Size 5-49.5 mm
Size 6-51.5 mm

Size 7-54.0 mm

Size 8-56.6 mm

Size 9-59.1 mm

Size 10-61.6mm

Size 11-64.1 mm

Size 12-66.6 mm

Size 13-69.1 mm

Size 14-72.6mm

## MEASURING METHOD C

Cut the ruler out the paper and make small incision where written. Wrap the paper around your finger at the base and slip the arrow head inside the incision with the numbers facing out. Tighten the ring sizer around your finger so it sits comfortably. Read your size where written, when between sizes I recommend choosing the larger one.
